RYE... ON THE ROAD.

SHAKEN OR STIRRED?
UP OR ON THE ROCKS?
STIFF, SWEET OR TART?

WE HAVE A VARIETY OF OPTIONS TO
BRING YOU THE SAME STANDARD OF CRAFT
FROM OUR BAR TO YOUR ENGAGEMENT.

Our team of enthusiastic and experienced bartenders will work with you to create an elevated menu for your guests.

We believe in using the best sourceable ingredients from artisanal spirits to seasonal produce to exotic spice. Our methodology is based in “scratch”, producing many of our own cocktail ingredients like syrups, tinctures, cordials and of course fresh juices.

From venerable classics to progressive potables, our passion is to pour the best possible drink in your glass.

ALL IN THE DETAILS & PREP

Like any good caper the plan is where it begins.

We prefer to make things convenient as possible for our hosts.

Some items we'll need to gather to get started:

- *How many guests are you planning for?

- *What type of selection would you prefer or will there be a theme?

- *Can we scout the space prior to the event?

After a basic Q & A we can begin discussing menus, layouts and flow of service.

We have the ability to curate ingredients, barware, glassware and ice.

Have another request, don't hesitate to ask.

SERVICE

As important as the glass poured is how that glass gets to you and the people pouring it.

Our craft doesn't begin or end simply with the cocktail, it begins with a hospitable smile and a thankful salutation and of course lives within everything in between.

We staff our events with the same people who make our bar special and with Rye on the Road we look to bring that specialty to you.

TEAM

We assess each event and can provide the proper staffing needs from bartender, barbacks and servers.

SYNERGY

Although we love our team we are always excited to work with others. From pot luck weddings to A list caterers, to the florist, photographer and DJ, we like to work closely with everyone to make sure your special day is a hit.
